

Committee Volunteer Opportunities

ABC Central California's committees are the voice of our association. We rely on our members to keep our Chapter striving and delivering the best services possible to our stakeholders. We welcome and encourage our members to become active on committees!

We invite you to become involved in the process where ideas are discussed and new services are developed based on what YOU need!

Work Force Development Committee

To promote opportunities for a life fulfilling career in construction to our community through effective outreach.

Membership Committee

To clearly demonstrate the value of Associated Builders and Contractors in order to grow and sustain a vibrant membership.

Electrical Craft Committee

To provide quality training to electricians in pursuit of a career that will enrich their lives and provide the means to a bountiful future.

More Members—More Clout

Mechanical Craft Committee

The Mechanical Craft Committee works to provide training and improve skills among construction workers and the industry, to help member companies become the best trained in California.

Government Affairs Committee

Seeks to advance the Merit Shop Philosophy in Counties of interest to our members through political means. We support candidates, public policy decisions and ballot measures that support fair and open competition in the construction related industry.

**We work
for YOU!**

Safety Committee

To provide quality safety training programs and promote pro-active leadership relating to safety, health and the environment.

Yes! I'd like to become involved on a committee!

Please check the of the committee you would like more information about.
